

FLOOR COVERING INDUSTRY FOUNDATION

WHAT WE DO

The Floor Covering Industry Foundation is a 501(c)3 non-profit that provides financial assistance grants to floor covering industry workers and their family members who are battling life-altering illnesses, catastrophic injuries, and other severe disabilities.

WHO WE HELP

We help people who have a life-altering **medical event**, are experiencing **financial crisis**, and have **worked in the floor covering industry for at least five years**. Grants can provide assistance for up to six months of time, and recipients can re-apply every six months if they still meet qualifications. There is not an income limit to qualify, but applicants must be in financial need. The applicant does not necessarily have to work in the flooring industry, but a household family member must have worked 5+ years in the industry.

OUR GRANTS PROVIDE FUNDING FOR:

LIVING EXPENSES

- Home Updates for Accessibility
- Rent / Mortgage
